COVID-19 Update

Friday, 13 March 2020

This morning the Chief Health Officer of the Victorian Government's Department of Human and Health Services (Brett Sutton) the Australian Grand Prix Corporation confirms the Formula One Australian Grand Prix is cancelled immediately.

What is expected for the remainder of the day? We are informed by Yarra Trams that our members will continue the day as normal till further notice. The public is not being shuttled to the event, in fact they are being shuttled out of the event.

The RTBU will be attending a meeting with Yarra Trams later in the day for an update and to seek what Yarra Trams plans are moving forward.

In the meantime, DHHS recommendations ought to be followed and hygiene to be maintained as best as practicable.

If you are not feeling well and you are showing flu like symptoms you should not come into work and seek medical advice.

Further the Union has this morning sent a four-page letter & a number of Questions pertaining to your Health, Safety and Conditions at work.

Throughout this process, the RTBU will continue to push Government, and relevant agencies to take a more proactive approach and provide clarity to transport workers.

As soon as we have a response and some answers, we will communicate this with our members.
