RTBU WORKPLACE MOTION

Build support for the campaign and let the Government know we're serious. Pass this motion in your workplace and different workgroups. Send your motions, photos with selfie signs, and signed petitions to safety@rtbuvic.com.au

Motion:

Noting the growing impact and danger imposed by assaults on front line staff across the network, this RTBU workplace calls on the Victorian government to legislate protections and fund a public awareness campaign. Safety at work must be the number one priority.

Acknowledging the need to campaign publicly for this change to be implemented, we resolve to actively campaign for changes to be implemented and authorise the RTBU Branch Secretary to take measures necessary to advance this claim with the government.
