No Backward Step

28 January 2020

Thank you to all members for your show of strength and solidarity today.

Today's stoppage showed Yarra Trams that you will continue to fight against their attempts to slash your take-home pay.

We shouldn't have had to take industrial action today, but what are we supposed to do?! **Yarra Trams made over \$22 million in profit last year, yet they are trying to slash your take-home pay by up to \$9.69 million per year! That's an average of over \$7,000 out of the pocket of each full-time driver every year!**

If Yarra Trams behaves reasonably and drops their part-time proposal, we can achieve a fair deal and avoid further industrial action.

We need to send Yarra Trams an even more powerful public message at our next stoppage this Thursday, 30 January. **We ask all members to join us at our rally against Yarra Trams' greed at 12 noon on 30 January at the steps of Flinders Street Station.**

We thank you all for your strength and solidarity. We will not take a backward step! Standing together we will get a fair deal!
