Pacific National Services Pty Ltd T/A Pacific National

(AG2019/745)

PACIFIC NATIONAL ASSET AND INFRASTRUCTURE SERVICES ENTERPRISE AGREEMENT 2019

Rail industry

DEPUTY PRESIDENT MANSINI

MELBOURNE, 7 JUNE 2019

Application for approval of the Pacific National Asset and Infrastructure Services Enterprise Agreement 2019.

[1] Pacific National Services Pty Ltd T/A Pacific National has applied for approval of an enterprise agreement known as the *Pacific National Asset and Infrastructure Services Enterprise Agreement 2019* (the Agreement) pursuant to s.185 of the *Fair Work Act 2009* (Cth) (the Act).

[2] The Agreement is a single enterprise agreement, made by three single interest employers and the relevant employees within the meaning of s.172(2) of the Act.

[3] The Notice of Employee Representational Rights given by the entity trading as “Pacific National” was affected by a registered name change that occurred during bargaining. The legal employing entity and employer remained the same at all relevant times. In the circumstances and having regard to the decision in *Huntsman Chemical Company Australia Pty Limited t/a RMAX Rigid Cellular Plastics and Others*¹, I am satisfied that:

- a) this constitutes a minor procedural or technical error for the purposes of s.188(2)(a); and
- b) the employees to be covered by the Agreement were not likely to have been disadvantaged by the error.

[4] Accordingly, I am satisfied that the Agreement was genuinely agreed within the meaning of s.188(2) of the Act.

[5] Noting clauses 5.3 and 5.4 of the Agreement, I am satisfied that the more beneficial entitlements of the National Employment Standards in the Act (NES) will prevail where there is an inconsistency between the Agreement and the NES.

¹ [2019] FWCFB 318.

[6] On the basis of the material contained in the application, accompanying statutory declaration and further information provided on request of the Commission, I am satisfied that each of the requirements of ss.186, 187, 188 and 190 as are relevant to this application for approval have been met.

[7] Each of the Australian Rail, Tram and Bus Industry Union and the “Automotive, Food, Metals, Engineering, Printing and Kindred Industries Union” known as the Australian Manufacturing Workers’ Union support the approval of the Agreement and have given notice under s.183 of the Act that they respectively want the Agreement to cover them. In accordance with s.201(2) I note that the Agreement covers those organisations.

[8] The Agreement was approved on 7 June 2019 and, in accordance with s.54, will operate from 14 June 2019. The nominal expiry date of the Agreement is 30 June 2022.

- 10.3 The classification structure provides flexibility to design new positions or to redesign existing positions, including the way work is performed, so that Pacific National can respond to changes in the business and commercial environment.
- 10.4 The process of position design or position redesign may require Employees to undertake activities that have not traditionally been within their classification stream or that have not been previously part of their position.
- 10.5 Where positions are adjusted or redesigned, the Employee will be entitled to be paid at a classification level that equates to the work or activities being undertaken in the new position subject to the provisions of the salary maintenance clause of this Agreement.
- 10.6 This Agreement provides for the removal of unnecessary demarcations and improves the flexibility between and across career path streams. This allows work to be allocated in the most efficient manner, recognising Employees' use of skills and competencies within the appropriate classification and pay levels in the appropriate classification structures.
- 10.7 Subject to Maintainers covered by this Agreement satisfactorily completing all relevant training and assessment for their position, they will be provided the opportunity to progress through the classification structure to Core Maintainer. This would normally be expected to occur within a two year period from commencement of training.

10.8 Principles

10.8.1 The classification structures operate in accordance the following principles:

- 10.8.1.1 Positions will be defined in terms of their primary accountabilities or main functions;
- 10.8.1.2 Classification of a position will be made on the basis of matching the primary accountabilities or main functions with the appropriate level of the classification structure;
- 10.8.1.3 On this basis, Employees will be classified at a level within the classification structure that is commensurate with the primary accountabilities or main functions of the position undertaken. Employees will remain in their classification unless there is a major and substantial change in the work undertaken and/or accountabilities. Where specific changes have been made to the structure at the Commencement Date , these will be taken into account in determining the classification for individuals. At the same time it is not anticipated that there be any other wholesale reclassifications other than those in this Agreement;
- 10.8.1.4 Classifications are based on primary accountabilities or main functions used in the position rather than skills possessed by the Employee;
- 10.8.1.5 To allow for the design of position and the performance of activities and tasks based on assessment of what is safe, efficient and logical, and for which the Employee has been trained and has current and demonstrated competency;
- 10.8.1.6 Flexibility that allows Pacific National to change the way work is organised and/or the way positions are designed, as required by business or commercial demands; and
- 10.8.1.7 Training will be aligned to the applicable national curriculum where there is a package available. On completion the Employee's records will be amended to reflect the training. Employee training records will be made available if requested.

10.9 Leadership and/or Supervisory Accountability

- 10.9.1 Employees performing work in positions with leadership and/or supervisory accountability as their primary activity may also be required to carry out operational activities in conjunction with their leadership and/or supervisory accountabilities provided that operational activity shall not constitute the major and substantial part of their position.

10.10 Mixed Functions/Higher Duties

- 10.10.1 Where an Employee performs work that falls within a higher classification level, they will be entitled to be paid at the higher classification level for the shift during which the work was performed.
- 10.10.2 While acting in a higher duties role for a period of time greater than 4 weeks all leave taken during the period acting in the role shall be paid at the higher rate.
- 10.10.3 This does not apply to the cashing out of leave and the payment of accrued leave on termination of employment whilst acting on higher duties.

10.11 Assessment of Previous Skills or Knowledge

- 10.11.1 Employees, when engaged or when transferring from one classification stream to another will be assessed in whether they have any skill or knowledge relevant to the position they were employed for within the first three (3) months from their commencement in their position. Where the Employee is assessed as having previously obtained skills and knowledge applicable to the position, the assessment process will determine the level of the classification structure the Employee should be appointed.

10.12 Classifications, Descriptors and Pay Levels

10.12.1 It is not expected that any other consequential position reclassifications will occur as a result of implementing the classification structures in the field upon Commencement Date. Any further position reclassifications during the term of the Agreement will only occur where there has been a significant change in a position that, in itself, would warrant a reclassification.

10.13 Maintainer Classifications

10.13.1 The classifications are those set out in clause 53 of this Agreement.

10.14 Maintenance Assistant

10.14.1 A Maintenance Assistant Employee will only perform the duties as per the classification summary in clause 52. This means they will not obtain competencies or perform duties outlined in clause 53 unless agreed in clause 52.

16.2 Composition of Total Remuneration

16.2.1 Total Remuneration is made up of Base Remuneration plus Aggregate Penalties (where applicable) plus Aggregate Allowances (where applicable), as detailed below.

16.3 Base Remuneration

16.3.1 Base Remuneration for each level of the classification structure is detailed in the table provided at clause 16.1 above taking into account the adjustments provided in clause 16.10 over the period of the Agreement.

16.4 Aggregate Penalties

Aggregate penalties are provided to compensate Employees for:

16.4.1 Working Shift Work and weekends;

16.4.2 Annual leave loading;

16.4.3 Aggregate Penalties are calculated for a whole forecast Roster. Employees rotate through lines on a Roster without altering the APM. Where an Employee works under a Roster that contains only one line, APM is calculated on the individual's Roster.

16.5 Application of APM

16.5.1 An APM will be calculated on the basis of all the forecast working shown on a Roster, in accordance with the provisions contained within clause 16.7 below; and

16.5.2 The resultant APM will be applied to the Base Remuneration for each Employee resulting in an annual quantum of APM. The resultant quantum of APM will be paid in equal instalments each pay period, irrespective of the Hours Worked by the Employee in the pay period. The APM is not applied to payments for overtime.

16.6 Calculating APM

The following formula is used to calculate the applicable APM based on the applicable Roster:

Data required to Calculate an Aggregate Penalty Multiplier

Data required to Calculate an Aggregate Penalty Multiplier			
Base Data	Column A	Shift Multipliers	Column B
	Actual number of hours in roster cycle		Hour Equivalents
Day Shift Hours See note 1	<i>Insert No. of Hours</i>	1.00	<i>Multiply No. of Hours by Shift Multiplier</i>
Afternoon/ Night Shift Hours See note 2	<i>Insert No. of Hours</i>	1.18	<i>Multiply No. of Hours by Shift Multiplier</i>
Saturday Shift Hours	<i>Insert No. of Hours</i>	1.5	<i>Multiply No. of Hours by Shift Multiplier</i>
Sunday Shift Hours	<i>Insert No. of Hours</i>	2	<i>Multiply No. of Hours by Shift Multiplier</i>

Note 1: Day shift hours fall within the span 0600 hrs to 1800 hrs.

Note 2: Afternoon and Night Shifts fall within the span 1800 hrs to 0600 hrs.

To calculate the APM use the following:

Part A

- Step 1 Take the total in Column A away from the total in Column B.
- Step 2 Divide the number calculated in Step 1 by the total in Column A.
- Step 3 Multiply the number calculated in Step 2 by 0.9.

Part B

- Step 4 For Annual Leave loading, add 0.019 for a Shift Worker or 0.013 for a Day Worker. Where an APM is calculated and applied across a whole roster, based on the planned or Forecast Working, and the planned or Forecast Working on the roster changes to the extent that the calculated APM is no longer relevant, a revised APM will be calculated and applied based on the revised work plan or roster arrangements.

16.7 Aggregate Allowance
